AI Content System

Automate Your Empire. Write Less, Publish More.

Welcome to the Smart Hustler "AI Content System." This isn't about asking ChatGPT to "write a blog post." It's about engineering prompts that output high-quality, undetectable content that ranks.

Module 1: The "Mega-Prompt" Framework

Stop writing one-sentence requests. Use this structure for 10x better results.

1. Role: "Act as an expert copywriter with 10 years of experience in direct response..."
2. Context: "I am writing a blog post for beginner affiliate marketers who are skeptical of gurus..."
3. Task: "Write a 1,500 word comprehensive guide on [Topic]."
4. Constraints: "Use short sentences. Avoid jargon. Use the word 'you' frequently. Do not use the words 'delve', 'explore', or 'landscape'."
5. Format: "Output in Markdown with H2 and H3 headers."

Module 2: The Blog Post Factory

Phase 1: The Outline

Prompt:
"Generate 5 unique angles for a blog post about [Topic]. For each angle, provide a provocative headline and 3 bullet points."

Phase 2: The Drafting (Section by Section)

Do not ask for the whole post at once. AI gets lazy.

Prompt:
"Write the Introduction for Angle #3. Start with a shocking statistic or a relatable story. Hook the reader in the first 50 words."

Prompt (Follow-up):
"Now write the section for 'Key Point 1'. Include a table comparing X vs Y."

Phase 3: The Polish

Prompt:
"Rewrite the following text to sound more human. Vary sentence length. Add 2 analogies. Lower the reading level to Grade 8."

Module 3: Instant Video Scripts

The Viral Hook Generator

Prompt:
"Write 10 viral hooks for a TikTok video about [Topic]. Format them as:

1. Negative Hook (Stop doing X...)
2. Curiosity Hook (The secret to X...)
3. Listicle Hook (3 tools for X...)"

The 60-Second Script

Prompt:
"Write a 60-second video script based on Hook #3.

- 0-3s: The Hook
- 3-45s: The Value/Education (Fast paced)
- 45-60s: Call to Action (Follow for more)"

Module 4: Social Media Sniper

LinkedIn Thought Leadership

Prompt:
"Turn the following blog section into a LinkedIn post. Use line breaks for readability. Start with a 'Bro-etry' style hook. End with a question to drive engagement."

Twitter/X Thread

Prompt:
"Summarize this concept into a 10-tweet thread.

- Tweet 1: The Hook
- Tweets 2-9: The Steps
- Tweet 10: Summary + CTA"
